## Professional Summary

---

A dedicated and results-oriented Computer Science student specializing in web development with the MERN stack. Proven ability to solve complex Data Structures and Algorithms problems. Eager to apply my technical and problem-solving skills to build innovative web applications in a challenging entry-level role.

## Education

---

### I.K. Gujral Punjab Technical University

Aug 2023 – June 2027

*B.Tech. in Computer Science & Engineering*

- CGPA: 7.9 / 10.0 (until 4th Semester)
- **Relevant Coursework:** Operating Systems, Object-Oriented Programming

### Class XII (PCM)

2020 – 2022

*JM International School, Dwarka, Delhi*

- Percentage: 80%

### Class X (Secondary Education)

2019 – 2020

*Trident Public School, Muzaffarpur, Bihar*

- Percentage: 87%

## Projects

---

### Taskify - A MERN Stack Task Management App

Oct 2024 – Dec 2024

- Developed a full-stack web application to help users organize, track, and manage their daily tasks effectively.
- Built a responsive front-end with React, allowing users to create, view, update, and delete tasks seamlessly.
- Engineered a RESTful API using Node.js and Express.js to handle all backend logic and data operations.
- Designed and implemented a MongoDB database schema to store user accounts and task information securely.

## Technical Skills

---

- **Languages:** C, C++, JavaScript
- **Web Technologies:** MERN Stack (MongoDB, Express.js, React, Node.js)
- **Developer Tools:** Git, GitHub, VS Code
- **Databases:** MongoDB

## Achievements    Coding Profiles

---

- **Problem Solving:** Actively solving Data Structures and Algorithms problems using the "Take U Forward" (TUF) Striver's SDE Sheet.

## Soft Skills

---

- Effective English Communication
- Problem-Solving
